

RIDERS

Customize your coverage with riders that fit your needs.

Life insurance provides valuable financial protection for your loved ones when you die. A rider can supplement your coverage; for example, the ability to waive your premium payments in the event of a disability or specific illness. Some people add multiple riders to their coverage, and some choose not to add them. Read about the following riders offered by Royal Neighbors and choose the additional coverage that suits the needs of your family.

DO YOU HAVE A FAMILY HISTORY OF FEMALE CANCERS?

Our **Cancer Waiver Rider** (Form Series 2084) waives two years of premiums or monthly deductions if diagnosed with Stage II or greater cervical, ovarian, or breast cancer prior to turning 60 years old. This rider eliminates the worry of making life insurance payments during this period so the insured can focus energy on what's really important – getting well and spending time with loved ones.

This rider is available only at the time you apply for life insurance. It is available from ages 18-55 for both women and men. This benefit can be used once for each type of cancer, meaning if the insured has had one of these cancers and is diagnosed with a second type, she or he is able to use this benefit again.

PROTECT YOUR LIFE INSURANCE COVERAGE IN THE EVENT YOU BECOME DISABLED IN THE FUTURE.

If the **Disability Waiver Rider** (Form Series 2081) is added for an additional premium when applying for life insurance coverage, Royal Neighbors will waive premium payments for the Disability Waiver Rider, and the certificate to which it is attached, in the event the insured is totally disabled (as defined by the rider) prior to their 60th birthday, and will continue to waive them until that person is no longer considered disabled as defined by the Rider, or until death. The waiver is subject to a waiting period.

PROVIDE YOUR FAMILY EVEN MORE FINANCIAL PROTECTION IF YOU WERE TO DIE DUE TO AN ACCIDENT.

Purchasing the **Accidental Death Rider** (Form Series 2082) for an additional premium provides an additional death benefit of at least \$25,000¹ in the event the death of the insured is caused by an accident prior to her or his 65th birthday.

NOBODY KNOWS WHAT THE FUTURE LOOKS LIKE, BUT YOU CAN GUARANTEE THE OPTION TO ADD TO YOUR INSURANCE COVERAGE WHEN YOU GET THERE.

Purchasing the **Guaranteed Insurability Rider** (Form Series 1492) for an additional premium when applying for life insurance coverage guarantees the insured has the right to purchase \$25,000 of additional life insurance at specified future ages or life events without evidence of insurability. The lifetime maximum for additional purchases is \$100,000 and the rider expires after \$100,000 of additional insurance has been purchased or the insured turns 65 years old, whichever occurs first.

Riders can provide an additional benefit to life insurance coverage based on your individual needs. Additional premiums may apply depending on the riders you choose. Not all riders are available on all products and are not available in all states. Some riders are subject to underwriting. See the chart on page 3 to see what's available for you.

WOULD YOU LIKE THE OPTION TO ACCESS A PORTION OF THE DEATH BENEFIT IN YOUR LIFE INSURANCE?

Our **Accelerated Death Benefit Riders² for Critical, Chronic, and Terminal Illnesses** (Form Series 181591CR, 181591CH, and 181591T are available for Jet Term Life, Jet Whole Life, and Royal Legacy Single Premium Whole Life³) allows access to part of the death benefit to the Owner of the certificate, while the insured is still alive, if the insured is diagnosed with a qualifying critical, chronic, or terminal illness. The Owner is not limited in how she or he uses the money; however accessing this money will reduce the death benefit that beneficiary(ies) would receive upon the insured's death. There is no additional premium for the rider and it must be selected when applying for the life insurance coverage.

The **Accelerated Living Benefit Rider²** (Form Series 1766, only available on Simplified Issue Whole Life Insurance) allows access to a pre-determined amount of the death benefit as a one-time single payment to help in the event the insured has been:

- Continuously confined to a nursing home for 90 days and a physician expects this to be permanent
- Diagnosed with a terminal condition by a physician and has a life expectancy of 12 months or less

There is no additional premium for the rider in states where the rider is approved. Up to 75% of the eligible death benefit can be accelerated with a minimum of \$5,000 and a maximum of \$250,000.

² An accelerated benefit payment is subject to an administrative fee and interest. If the Owner receives an acceleration of life insurance benefit, it may be taxable and may affect the Owner's, the Owner's spouse's, or the Owner's family's eligibility for public assistance programs. Please consult a tax professional or social services agency for details.

³ Form Series 1591T is available for Single Premium Whole Life Insurance in CA (terminal only).

For agent use only – not to be used for consumer solicitation purposes. Royal Neighbors of America (NAIC #57657) is an Illinois corporation and is licensed in all states and the District of Columbia, except for AL, AK, HI, LA, MA, NH, NY. Not all products are available in all states. Contractual provisions and limitations may vary by state. Subject to reinsurance and underwriting requirements.

IS RETIREMENT ON YOUR MIND?

If the **Flexible Premium Deferred Annuity Rider** (Form Series 1451) is added when applying for life insurance, an annuity is added to your life insurance coverage. This annuity offers a convenient way to save for retirement on a tax-deferred basis. The annuity owner has the flexibility to vary the amount and frequency of premiums to the annuity. The minimum premium is \$50 per month with Pre-Authorized Collection. The maximum premium is \$25,000 per year. Surrender charges apply during the first ten rider years.

WE ALSO OFFER AFFORDABLE PROTECTION FOR YOUR CHILDREN.

Purchasing the **Child Rider** (Form Series 112090) for an additional premium provides a \$5,000 death benefit for each child of the insured. If the insured dies while this child rider is in force, the insurance on each child will continue as long as the child meets the definition of an insured child. No further premiums for the rider will be due. This rider can be added after you have obtained the insurance until the person insured reaches age 55.
