Simplified Issue Whole Life, Form Series 1311 and Graded Death Benefit, Form Series 1312

Premiums in Default

- Insurance expires at end of grace period unless there is a cash value
- If there is a cash value, the following will happen:
 - Automatic premium loan followed by nonforfeiture option elected; or
 - If automatic premium loan is not in effect, nonforfeiture option chosen by Owner

Loans

- Owners may borrow against the cash value of the certificate³
- Loans are available up to the cash value
- 8% interest rate in arrears; 6% in Montana
- Automatic premium loan option is available

Termination

- Certificate will terminate/mature the earliest of:
 - A nonforfeiture option (CS, RPU, ETI) goes into effect (whether chosen or default, because of nonpayment of premium)
 - Cash value is transferred (1035) to another product
 - Certificate expires without value when the outstanding loan (including accrued interest) exceeds the cash value, or the outstanding lien (including accrued interest) plus the outstanding loan (including accrued interest) exceed the face amount
 - Insured dies
 - Insured reaches age 121
 - Lapse due to nonpayment of premium

³ Loans taken against a certificate can have adverse effects if not managed properly. An outstanding loan could potentially terminate the certificate if the principal, plus accrued interest, equals or exceeds the cash value of the certificate. Outstanding loan balances will be charged interest at the rate stated in the certificate. Accrued interest on the loan is payable at the end of each certificate year. Certificate loans, including any accrued interest, must be repaid in cash or from the certificate values upon termination of the certificate or the death of the insured. Repayment of loans from certificate values (other than death proceeds) can potentially trigger a tax liability. Owners should consult with their tax advisor about the potential impact of any loan.

Certificate fee

- \$30 per year (commissionable)

Nonforfeiture Option

- Participating reduced paid-up insurance
- Non-participating extended term insurance (default)

Reinstatement

- Can be reinstated within three years from date of non-payment of premium with evidence of insurability
